

Dears FCC,

I live in North Los Angeles County and rely on XM Radio to provide traffic and weather for my daily commute. Traveling through the foot hills, as I do, results in very poor tradiional AM/FM radio reception. XM Radio provides a valuable service to me. I am willing and gladly pay for this service.

I respectfully urge the FCC to reject the NAB's petition 04-160 and to support XM's ability to provide the kind of programming that I am willing to pay for and deserve.

Sincerely,
George Darby
